Ticketyo

The screenshot shows a mobile application interface for event discovery. At the top, there's a header bar with a menu icon, a location setting for "New York, USA", a bell icon for notifications, and a search bar with placeholder text "Search...". Below the search bar are three category filters: "Sports" (red), "Music" (orange), and "Food" (green). The main content area is divided into two sections: "Upcoming Events" and "Nearby You".  
**Upcoming Events:** This section displays two event cards. The first card is for "International Jazz Day" on June 10th, featuring a colorful illustration of a person playing a piano. It shows 20 people going and is located at 36 Guild Street, London, UK. The second card is partially visible, showing another event on June 10th with a similar colorful design.  
**Nearby You:** This section shows a single event card for "International Gala Music Festival" on June 10th at 9:00 PM, located at 36 Guild Street, London, UK. A red bookmark icon is present next to the event details.  
At the bottom of the screen, there are three dots indicating more content.
